

1 Nomination of CEBC - Short Summary

4Biomass WP 5.1.3.:

Nomination of CEBC Central European Bioenergy Centre by a Committee

(Before: Nomination of National Competence Centre by Ministries)

The CEBC – Central European Bioenergy Centre are nominated...

... by a committee.

... on the basis of a set of criteria developed by the 4Biomass project.

... to promote bioenergy throughout Central Europe by means of networking and publishing.

The CEBC Committee...

...decides about nomination of CEBC.

...discusses the compliance with a set of criteria developed by the project 4Biomass.

...will agree (or not) about the compliance of the institution with the set of criteria.

...confirms the nomination in handing out a nomination paper.

...members are elected by 4Biomass partners.

...consists of max. 7 members, one of every partner country.

Central European Bioenergy Centre Application Form

The organisation/institution

.....
.....(name and address)

Hereby applies for the Nomination as a Central European Bioenergy Centre (CEBC).

The basis for the nomination is a set of criteria set up by the 4Biomass partner. In order to check the compliance with these criteria, please answer following questions and give examples and comments to verify:.

1. Is your Organisation/institution situated in one of the Central European Countries?

yes / no

Austria

Italy

Czech Republic

Poland

Germany

Slovak Republic

Hungary

Slovenia

2. Is your Organisation/institution established and experienced in the field of renewables, especially bioenergy and biomass?

yes / no

Please provide some details.

3. Does your Organisation/institution actively operate in national or regional bioenergy networks?

yes / no

Please provide some details.

4. Is your Organisation/institution active or connected to R&D activities at a National or regional stage?

yes / no

What kind of R&D activities are you involved? Please comment and give examples.

5. Is your Organisation/institution involved in EU or national bioenergy projects?

yes / no

Please provide some details.

6. Are the activities of your Organisation/institution focused on European and International issues?

yes / no

Please provide some details.

7. Is your Organisation/institution prepared to provide support to stakeholders free of charge for first contacts?

yes / no

Please comment and explain how you would provide for that.

8. Is your Organisation/institution prepared to appoint a contact person for the CEBioNet?

yes / no

Please comment and explain how you would provide for that.

9. Is your Organisation/institution prepared to support the idea of CEBioNet?

yes / no

Following tasks would be necessary to carry out by a CEBC:

- Transnational distribution of information and knowledge on all bioenergy related issues, always under the aspect of their sustainable utilisation: technologies, best practice, workshops, conferences, presentations, policy and policy measures, research results;
- Provide information in national and – if possible - in English language;
- Reply to questions from stakeholders or other interested persons, for first contacts free of charge;
- Spreading information from the CEBC network to local networks.

The applicant fully agrees to fulfil the above mentioned tasks after the date of nomination

yes / no

Every organisation/institution applying for the nomination of a CEBC has to fill out this application form. The filled in application form will be forwarded to the CEBC committee. The CEBC committee will discuss the compliance with the criteria on the basis of this form. The filled in application is no guarantee for the nomination as a CEBC. The applicant will receive a written answer to his application.

Hereby I agree to the criteria and tasks for Central European Bioenergy Centre (CEBC) set up by the project 4Biomass. I agree to support the work of the Central European Bioenergy Centre (CEBC) through participating in the Central European Bioenergy Network (CEBioNet).
